Who We Are

Sun River Health is a network of 43 Federally Qualified Health Centers (FQHCs) providing primary, dental, pediatric, OB-GYN, and behavioral health care to over 245,000 patients annually. With a dedicated staff of 2,000 skilled doctors, nurses, and health care professionals, we pride ourselves on delivering high-quality, fairly priced care to those who need it most.

Sun River Health started in 1975 when four African American mothers spearheaded efforts to open our first health center and deliver quality, low-cost services to every patient in need — no matter their race, religion, budget, or insurance status. Today, after more than 45 years of service, Sun River Health is still delivering on that promise to communities across the Hudson Valley, New York City, and Long Island, and has become a destination for convenient, high-quality care for all.

Our Mission

To increase access to comprehensive primary and preventive health care and to improve the health status of our communities, especially for the underserved and vulnerable.

Notable Accomplishments

- One of six FQHCs selected for the National Institutes of Health *All of Us* Precision Medicine Initiative
- Quality Award Recipient from the Health Resources and Services Administration (HRSA)
- Level 3 NCQA PCMH Recognition and Accreditation from the Joint Commission
- One of three FQHCs in the nation to achieve Gold status in the NACHC Advocacy Center of Excellence Program
- HIMSS Davies Community Health Organization Award of Excellence for outstanding achievement in implementation and value derived from an electronic health record

*Including sub-recipients
