

Health Home Program

Sun River Health's Health Home Program, known as Community Health Care Collaborative (CCC), helps adults and children navigate chronic health conditions, like mental health or substance use disorders, by connecting you to the medical and social support services you need. Your Health Home Care Manager will help coordinate your care and create a personalized care plan to reach your health goals and live your best life.

What can the Health Home Program help me with?

- Figuring out what exact care you need and how to get it covered
- Making and remembering appointments
- Coordinating care with your doctors and other support services
- Helping you get and understand your medications
- Connecting you to health care services
- Helping you understand preventive health screenings and tests
- Arranging transportation to appointments
- Connecting you to housing, transportation, food assistance, and social services
- Helping you reach your education and career goals
- Making sure you are getting most out of your health insurance

Is the Health Home Program right for me?

The Health Home Program is for anyone who has Medicaid and is living with two or more chronic medical conditions or a serious mental health condition. Some examples include diabetes, asthma, heart disease, substance use disorder, obesity, HIV/AIDS, or complex trauma for children.

How do I get started?

To get in touch with our Health Home team, call the Health Home Hotline at 888-980-8410. We can help you find out if you are eligible for the program and connect you with a Care Manager in your community.

If you are interested in receiving Health Home services or would like to submit a referral, please fill out our online form at:

<https://www.cognitoforms.com/CCCHealthHome/CCCCommunityReferral>

You can choose which community-based agency will provide your health home care management services. See the back of this document for a list of our partner agencies throughout the Hudson Valley, New York City, and Long Island.

The care you need. The respect you deserve.
