Percentage of Patients by Insurance Type

More About Us

- Our **340B program** provides patients with critical medications at low-to-no cost, including HIV medications and Suboxone
- Patients benefit from the ease of utilizing our **in-house pharmacy**
- Implemented Project SUCCEED, with the NYC Department of Health Viral Hepatitis Division to identify HIV/HCV positive patients and link them with care resulting in 68% of patients with hep C having an undetectable viral load
- We are one of six **HIV Undetectables Programs** in NYC with **200 patients enrolled**, all of whom have achieved an over 90% viral load suppression rate
- We operate an expanded **Adult Day Health Care** program
- Our Special Project of National Significance (SPNS) serves as a resource for other health centers interested in replicating our model of primary and behavioral health integration
- Our successful **TransHealth advocacy and support program** offers education and pre/post operative support for transgender individuals
- The Transitional Care Program funded by the Robin Hood foundation, provides **community-based engagement for high-risk patients with HIV, diabetes, or hypertension**
