More About Us

- Our close relationship with Suffolk County has enabled us to work hand in hand to find solutions for our patients, such as **providing public transit access** to local health centers
- In addition to our typical high-quality healthcare, we offer additional supportive services to **agricultural workers in the region**, such as **transportation, care coordination, and interpretation**. We retain access to this community through relationships we've built with farmworkers themselves, local growers and community organizations such as the **Long Island Farm Bureau**
