Percentage of Patients by Insurance Type

More About Us

- Sun River Health Middletown is a unique model, where our primary care services are **embedded within a behavioral health setting** at ACCESS: Supports for Living
- In partnership with ArchCare we run a **mobile health center van** serving local communities in need of healthcare access
- In addition to our typical high-quality healthcare, we offer additional supportive services to agricultural workers in the region, such as transportation, care coordination and interpretation. We retain access to this community through relationships we've built with farmworkers themselves, local growers and community organizations
